

BOODY RECORD OF KLU KLUX KLAN

Comes Under the Guise of Lofly Ideals, But Their Record Shows Them to Be a Blood Thirsty Gang of Mob Murderers Using Race Prejudice As Their Entering Wedge To Do Their Dirty Work. Condemned By Chief O'Brien Of This City, Citizens And The Press As Breeders Of Race Prejudice.

Awakened as we were, one day last week, we found ourselves face to face with a new order of things for St. Louis. A mysterious body of law enforcers who work only under the shadow of darkness and lurk in dead hours of midnight has come to us and publicly announced that they are ready for business. Ready to take law enforcement out of the hands of the local constituted authorities and put such power in the hands of their self appointed mobs.

In announcing their presence here, the Grand Codlin of this Klan said it was not the organization of fifty years ago, which had for its purposes murder, arson, terrorism, intimidation and many other barbaric practices, but that it had more lofty purposes.

No one will believe these statements. Facts do not justify them. The work of the Klan is too well known. One of the claims of the Ku-Klux-Klan is that in their membership are senators, governors, judges, sheriffs, chiefs of police by the hundreds. This may be true. In fact, we know there are thousands of such men who have no respect for their oaths of office. They owe their allegiance to the Ku-Klux-Klan. For that very reason, in most crises, these enforcers officers join the mob; because their gang makes up the rule. What the promoters of the Klan want to get the country under their rule, the Southern pattern and propaganda that is being carried on in all parts of the country.

If there are those who do not know of the K-Klux-Klan and its dirty work, we submit a few cases in which the Klan is charged with using its "lofty ideals."

ALEXANDER JOHNSON—NEGRO BRANDED

This is the likeness of Alexander Johnson who bears the marks of the Ku-Klux-Klan which operates out of Dallas, Texas.

Ordinarily, if per chance a man was seen going down the streets of a civilized country with some mysterious brand upon his forehead, spectators would follow him a country block, declaring all the while that he was from some heathen land. One's mind would be upon the jungles of Africa. The heathen nature would be foremost in one's mind. But, dear reader, your mind may rest when you think of Texas—right here in America, right here where the boast of civilization is proclaimed upon the housetop. The work of the Ku-Klux-Klan.

LAWYER TARNISHED AND FEATHERED

A prominent white lawyer of the same city was a short while ago, severely beaten, tarred and feathered, brought to the main part of the city and released naked on the streets by Ku Klux Klans.

Dr. Lafayette Dackwell, colored doctor was taken from an automobile and his wife at the same time, and while upon, spirited away and brutally operated upon with a pocket knife by the K. K. and K. K. A Doctor Tarnished and Feathered.

At Mount Zion, Texas, May 18, Dr. J. M. White, 65 years old, 32 years a resident of that city was kidnapped, spirited away, beaten and tarred and feathered, brought to the main part of the city and released naked on the streets by Ku Klux Klans.

Many Other Cases Reported. In one Southern city, with known through-out the nation, where the Ku Klux Klan is terrorizing the community, a white woman, a member of a Negro upon a white woman, and the Klan called for "red blooded Americans" and even by violence.

A white man in this country received the following notice on January 1, 1921.

"To Mr. [Name]—You had better keep Negroes out of this house of yours. If you don't, we will have you put with the burned down to the ground."

These threats were being worked on a railroad in this country. A small mob visited the camp in February, 1921. They attacked the white foreman and the Negroes that if they continued to work, while white men wanted jobs, they would be mobbed. A number of the Negroes were frightened away. The sheriff of the county was notified. The sheriff of the county was notified. This occurred January, 1921.

December 1920, a Negro living in this country was taken from his home and badly beaten.

The following is a typical case, common to many places, where a small mob of whites, were left on the porch of a white man's house.

January, 1921, Negroes in one district of this country were notified that they were being persecuted by the Klan in this district.

At a K. K. Klansman, a Negro living in this district was called from his home by unknown persons. They asked him to come to a meeting. He refused. He was taken to a place where he was beaten and then released.

At a meeting of the Klan, the Klan was notified that they were being persecuted by the Klan in this district. The Klan was notified that they were being persecuted by the Klan in this district.

**"HELLO SUE" A SNAPPY
SHOW AT B. W. THEATRE**

"Hello Sue," the musical comedy being presented by the B. W. Theatre Company, at the Booker Washington Theatre this week, is bright, speedy and full of snap. Like the previous offering, it is original and bristles with humorous complications. The opening scene, showing a part of New York City at night, is rather elaborate, out of the ordinary for small companies. The curtain rises on a lively song and dance number by the entire company. This is followed by a scene who speedily contrives to get himself into prison. The scene shifts to Blue Island Penitentiary where the humorous doings of Burns and Manley as "Ashes" and "The Dummy" are a constant source of laughter. Their side splitting comedy reaches a high pitch later when they win their freedom to "sit up" with a dead man in a cemetery. There are several artistic song and dance numbers. The female quartet rendering, "When The Moon Swings Low," is a decided feature. Beeble May and Isouelle Belle live up to some sketches, supported by the company. Misses May and Spencer make a hit with the "Boula Boula Dance" and Terry Williams sings a lullaby effectively. The chorus work is humorous throughout and the dance numbers are neatly costumed. The engagement closes Sunday night.

DO DO GREEN NEXT

Do Do Green and a company of fun-makers, with plenty of Jazz will open at the Booker Washington Theatre Monday night. The engagement promises another week of up-to-the-minute songs and dances sprayed with screaming fun.

Tag Harrigrove and Claude Williams scored a big hit at Stranberg's Ball, last Saturday night, in an entitled "The Singer and the Dancer Boy." Harrigrove was also one of the headliners on a 30 act vaudeville during the same evening at Stranberg's. May 17, and made a decided hit. He is now in the Weber circuit.
